Training Programs and Assessment of the Tools

Prof. Costas Lambrinoudakis

University of Piraeus

HDPA, Member of the Board

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV). Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission. Neither the European Union nor the granting authority can be held responsible for them.

Structure and Organization

The byRisk's strategy focuses on different target groups due to the diverse backgrounds, needs and levels of digital literacy among participants. To ensure that the awareness-raising actions are relevant and effective, the project has identified four distinct groups.

- SMEs: The SMEs currently cover the vast majority of the total businesses in Greece.
- Citizens – consumers: Represent the general public that interacts with services and digital products.
- University Students: Represent the future of the society and workforce.
- ICT professionals: Represent a critical group responsible for the security and privacy of the digital systems.

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

Structure and Organization

The raising awareness seminars for the general public:

Date	Status	Number of Seminar	Duration of the Seminar	Expression of Interest	Participants per Seminar
March 2026	Online	First	2 – 3 hours	151	110
April 2026	Online	Second	2 – 3 hours	93	62
May 2026	Online	Third	2 – 3 hours	88	56
June 2026	Online	Fourth	2 – 3 hours	83	40

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

Structure and Organization

The raising awareness seminars for the University Students:

Date	Status	Number of Seminar	Duration of the Seminar	Participants per Seminar
April 2026	Online	First	2 – 3 hours	32
May 2026	Online	Second	2 – 3 hours	82

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

Structure and Organization

The raising awareness seminars for the ICT:

Date	Status	Number of Seminar	Duration of the Seminar	Expression of Interest	Participants per Seminar
May 2026	Online	First	3 – 4 hours	111	80
June 2026	Online	Second	3 – 4 hours	102	57

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

Structure and Organization

The raising awareness seminars for the SMEs:

Date	Status	Number of Seminar	Duration of the Seminar	Expression of Interest	Participants per Seminar
July 2026	Online	First	3 – 4 hours	122*	51
September 2026	Online	Second	3 – 4 hours	219*	80

**include companies that didn't attend the seminars or joined the seminars but are not SMEs*

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

Seminar Evaluation Results

As a critical component of the post seminar phase, a digital evaluation link was distributed to all participants by the HDPA to assess the effectiveness of the workshop and the usefulness of the newly designed risk awareness tool. The evaluation inquiry contains the following questions:

1. **How useful is the new knowledge you gained from participating in the seminar (regarding the risks you face when using electronic services)?**
2. **How enlightening were the tools used by the instructors (presentations – examples)?**
3. **To what extend were the trainer able to transfer their knowledge?**
4. **How satisfied were you with the platform used by the seminar?**
5. **How satisfied were you with the duration of the training seminar?**
6. **How clear were the objectives of the training seminar?**
7. **How satisfied were you with the content of the training seminar in achieving its objectives?**
8. **How useful did you find the tool presented during the training seminar?**
9. **How likely is it that you will use the presented tool?**

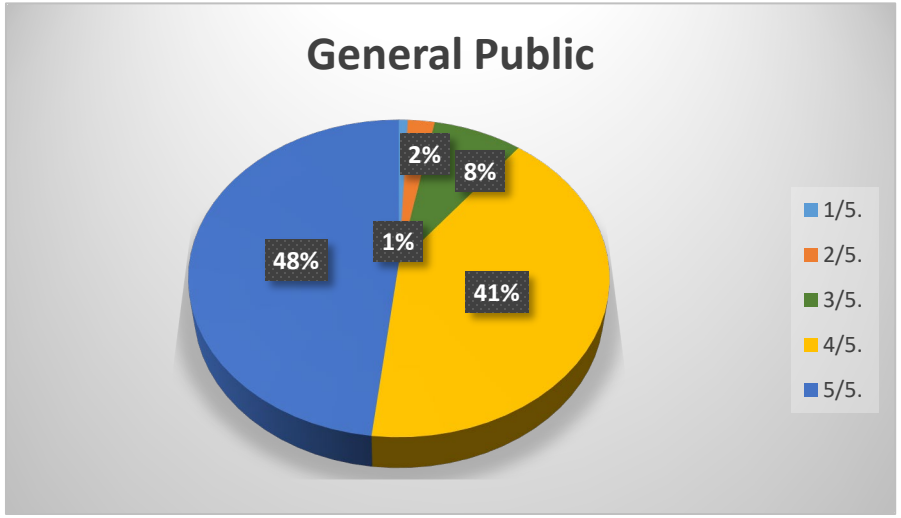

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

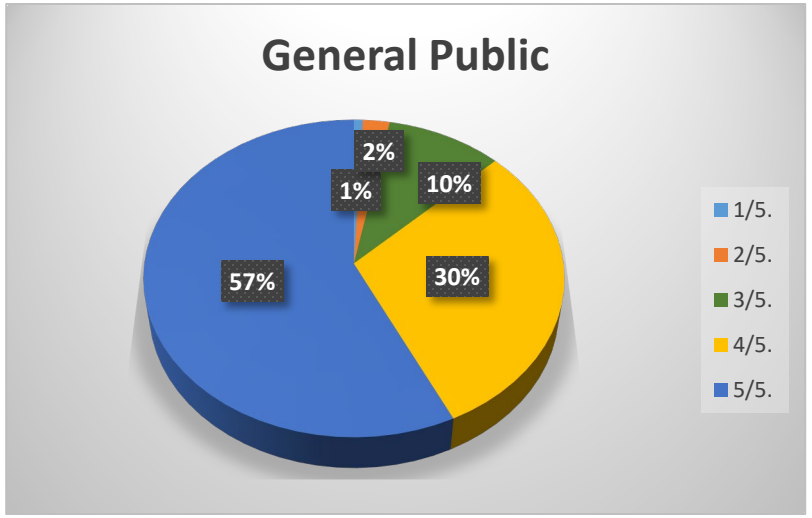

Seminar Evaluation Results

Indicative Results: General Public Seminars

How useful is the new knowledge you gained from participating in the seminar (regarding the risks you face when using electronic services)?

How likely is it that you will use the presented tool?

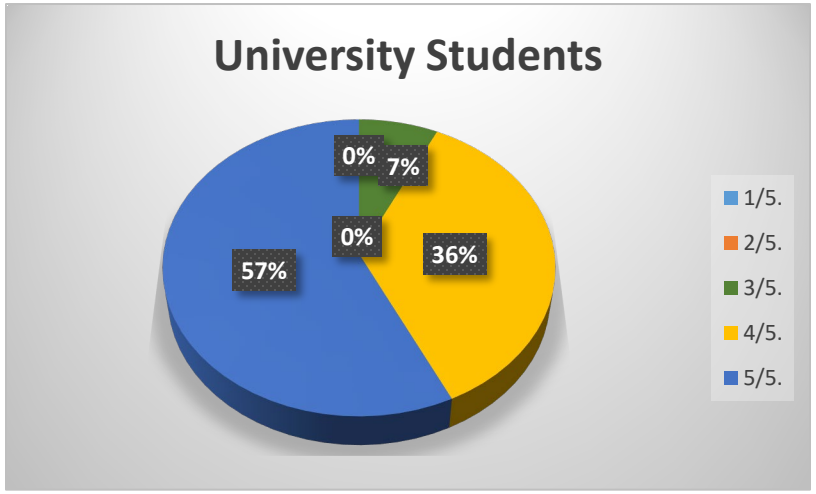

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

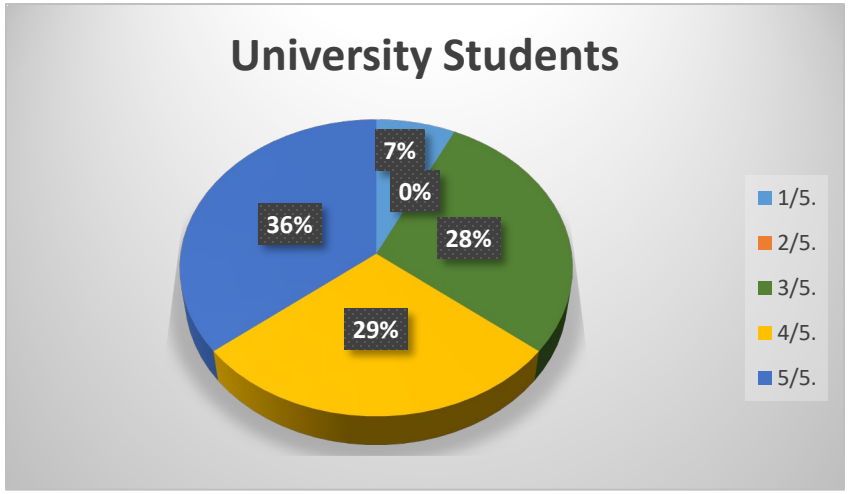

Seminar Evaluation Results

Indicative Results: University Students Seminars

How useful is the new knowledge you gained from participating in the seminar (regarding the risks you face when using electronic services)?

How likely is it that you will use the presented tool?

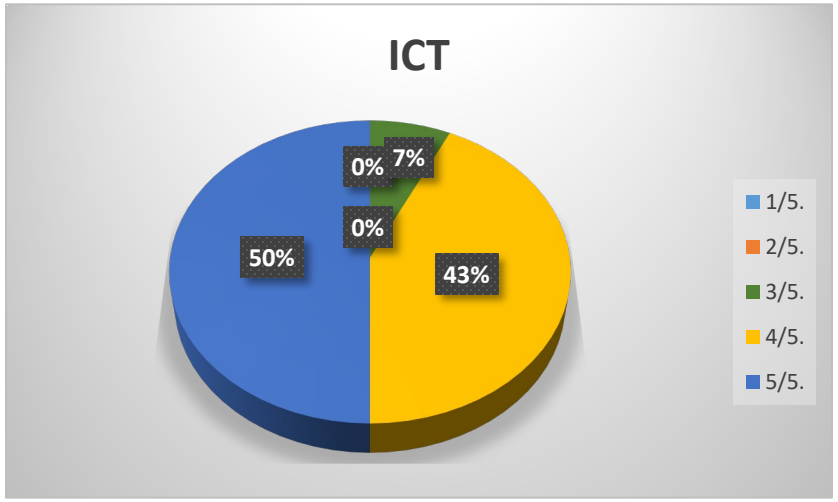

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

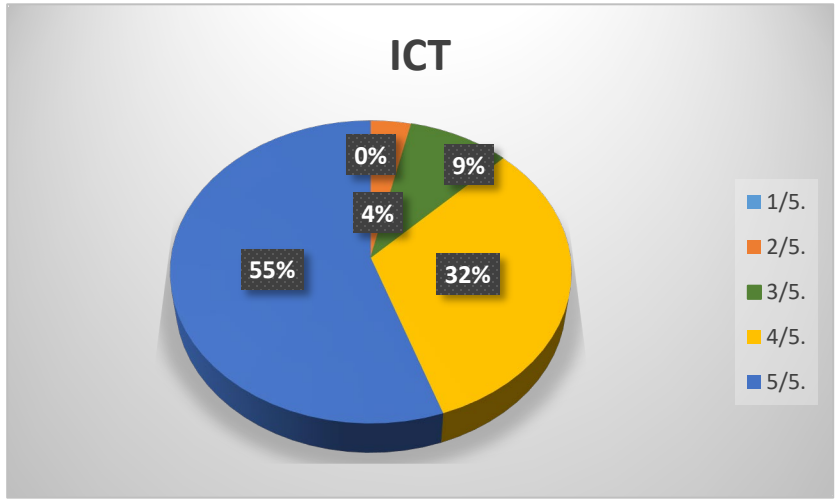

Seminar Evaluation Results

Indicative Results: ICT Seminars

How useful is the new knowledge you gained from participating in the seminar (regarding the risks you face when using electronic services)?

How likely is it that you will use the presented tool?

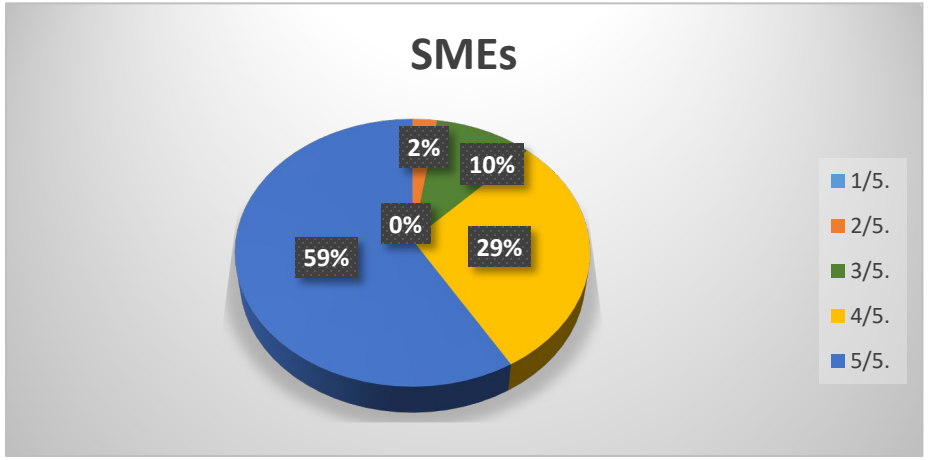

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

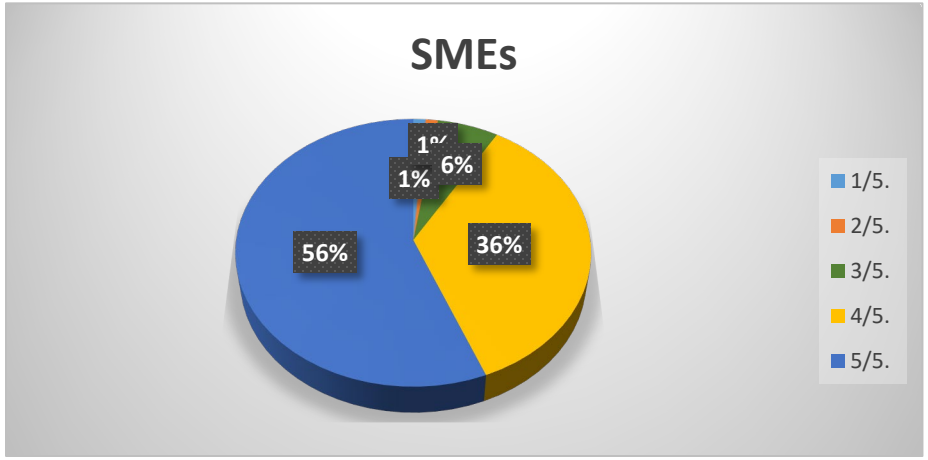

Seminar Evaluation Results

Indicative Results: SMEs Seminars

How useful is the new knowledge you gained from participating in the seminar (regarding the risks you face when using electronic services)?

How likely is it that you will use the presented tool?

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.

Tool Evaluation Results

Furthermore, the HDPA distributed a digital evaluation link to all participants, inviting them to assess the functionality and usability of the newly developed tools. The evaluation questionnaire included the following questions:

1. **The tool was easy to use.**
2. **The explanations provided were clear and understandable.**
3. **The tool included the situations and scenarios that I expected to assess.**
4. **The tool helped me identify potential risks and harms related to the use of my personal data.**
5. **The tool increased my awareness of how the use of personal data can affect rights and freedoms.**
6. **The results were relevant to my concerns or situations that I consider important in my personal life.**
7. **I would use this tool in the future.**

Funded by the European Union

The project byRisk is funded by the European Union (Citizens, Equality, Rights and Values Programme – CERV).
Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Commission.
Neither the European Union nor the granting authority can be held responsible for them.
