INSTRUCTIONS FOR COMPLETING THE COMPLAINT FORM

Complaint Form of General Use

Which cases does this specific form cover?

This specific complaint form is completed and submitted to the HDPa in those cases that/in case you have ascertained a violation of personal data processing legislation in connection with a processing operation that affects you.

The Hellenic Data Protection Authority provides also specific complaint forms for the following cases: Complaint of a violation of the data subject's rights pursuant to articles 15 to 22 of GDPR (articles 12-22 of the GDPR).

- Complaint form that concerns unsolicited emails (article 11 law 3471/2006 and particularly email or sms "spam").
- Complaint form that concerns phone calls for the promotion of goods or services and generally for marketing purposes (article 11 par. 1 and 2 law 3471/2006).

Who can submit a complaint?

A complaint is submitted:

- a) by the data subject, or
- b) by nonprofit bodies or organizations or unions or associations without legal status that have been established and operate lawfully and the protection of rights and freedoms of data subjects, with regard to the protection of personal data, is mentioned in their statutory goals, following an assignment by the data subject, or
- c) a subscriber or user of e-communication provided that the complaint concerns the provisions of law 3471/2006.

When can I submit a complaint to the Hellenic DPA?

Before you submit the complaint you may appeal to the controller (usually the defendant) for resolving your case. In the cases where the controller has appointed/assigned a DPO you may appeal to him for every issue related to the processing of your personal data and the exercising of your rights. The contact information of the DPO is usually published on the webpage of the controller.

If the issue is not resolved, you may submit a complaint to the Hellenic DPA.

If the aforementioned procedure is not followed, the Authority might not examine your complaint.

Does the Hellenic DPA examine every complaint?

Complaints that are vague, unsubstantiated, or are submitted abusively, especially due to a repetitive pattern, or anonymously or that do not include the required information may be archived by the Hellenic DPA.

Before you submit a complaint, please make sure that you have at least filled in the required fields.

When can I expect a reply from the Hellenic DPA?

According to article 77 par. 2 of GDPR the Hellenic DPA informs the defendant on the progress and outcome of the complaint.

If the Authority does not examine the complaint or does not inform the data subject within three months of the complaint's submission on the progress or outcome, you may recourse to a court of law, according to article 78 of GDPR. **It is underlined that the aforementioned time frame of three months concerns basically only the obligation of the Authority to inform the complainant on the progress of its complaint.** This is especially the case when further investigations or coordination with another supervisory authority is needed. In light of these, the above mentioned time period should not be perceived as the time frame within which the case will be resolved.

To what extent does the Hellenic DPA examine the complaints?

According to article 57 article 1 f of GDPR, the DPA investigates, to the extent appropriate, the subject matter of every complaint. Consequently, the extent to which every complaint is examined depends on its judgement.

Can I ask the Authority to adjudicate compensation in case of a violation?

No. The Hellenic DPA has the competence to exercise corrective powers (including fines) to controllers or processors but not to adjudicate compensation to the aggrieved data subjects. In case you seek compensation, you should exercise your rights before a court.
